**BILLY WHITLA IDENTIFIES MRS. BOYLE AS ONE OF KIDNAPERS.****Says She Is Woman Known as "Mrs. Jones" in Cleveland Lodging House and Points Her Out.****"JIMMY" BOYLE CREATES SCENE****Roars Out in Court That He Hasn't Been Given a Square Deal But Quits When Judge Warns Him to Be Careful.**

United Press Telegram.

MERCER, Pa., May 7.—Following the conviction of James H. Boyle for the kidnapping of Willie Whitla, Mrs. Boyle is on trial today on charges of aiding and abetting the crime. Her trial promises to be longer than that of her husband, as a determined defense is being made.

The story of the Whitla kidnapping was told before the judicial body today for the fourth time by the most important character, Billy Whitla, who took the stand for the prosecution as soon as court convened to continue the trial of Helen Boyle. Yesterday his main testimony, convicted Jimmy Boyle.

Women packed the court room and Judge Williams' first word when he entered was to have them remove their pious basket hats. Billy's clear treble answers so pleased the women that the judge threatened to clear the court room if they did not stop applauding.

In examining Billy the prosecution passed lightly over the events immediately following the time he was stolen and dwelt upon his stay in the Cleveland lodging house where it is alleged he was harbored by Mrs. Boyle. Billy referred to the woman as Mrs. Jones.

"She had a little white cap on her head and long apron with strings," said Billy. "She had red spots on her face," he continued. She said she had smallpox and told him to say to papa and mamma she was heavy and 41 years old.

"Do you see Mrs. Jones in court?" asked the lawyer.

"There she is," said Billy, pointing to the defendant.

Mrs. Boyle faced him without change of expression.

Jimmy Boyle had a chance to air his grievances today and for a few minutes made a lively record. Boyle was sworn. Before the lawyer could question him Boyle blurted out:

"I want to know where I'm at, I want to know before I say anything," Boyle was mad. He stood up, his face was swollen and red, and he trembled with the violence of rage. Attorney pulled at his coat but Boyle did not heed.

"I haven't had a chance to say any thing," he shouted, "and I want to say something now. I want a fair deal, and haven't had it. I want to know where I'm at."

Judge Williams broke in on Boyle's harangue.

"We will show you where you're at. If you don't keep quiet," he said, "Stop it. I'll have the sheriff take you back to jail. Answer the question as asked."

Boyle's eyes flashed but he held his tongue.

"Have you anything pertaining to this case," asked Attorney Cochran.

"I had them," replied Boyle, "but I haven't them now."

The examination of J. P. Whitla then commenced. Boyle sat down, hunched his shoulders, and glared sourly at him.

**FOUND BAD FOOT; STIRRED UP TROUBLE****Horse Trade Gets Three Brier Hill Men Into the Law's Meshes—Tried to Keep Man Away.**

UNIONTOWN, May 7.—Harry, Nathan and Louis Hottnor, all of Brier Hill, were held for court by Justice John Boyle this morning on charges of assault and battery preferred by G. C. McCull. The trouble resulted from a horse trade last Thursday. McCull had taken the horse he got and was ready to drive off when Mrs. Hottnor came out and discovered a bad foot on the horse the Hottnors drew. McCull drove away and the Hottnors followed in pursuit. The outcome was a bad beating for McCull.

A feature of the hearing was the charge by Pat Noon, the state witness for the Commonwealth, that Nathan Hottnor tried to keep him away from the trial. It was offered a day's wages to stay at home and when he refused the offer, Hottnor said he would charge him \$5 every time his cow crossed the Hottnor property. Noon said it was a habit around Brier Hill to charge \$5 for trespassing of this nature.

**SURPRISE SPRUNG IN WESTMORELAND****William T. Dom, Jr., Only Candidate To Announce For District Attorney—List Now Closed.**

GREENSBURG, May 7.—Charles C. Crowell, Chairman of the Republican County Committee, today closed his list of candidates for the June primaries. Although prospective candidates have another week in which to file their nomination papers with the County Commissioners, it is generally believed that those who have paid their announcement fees to the County Chairman comprise the entire list.

A surprise was created when it was learned that William T. Dom, Jr., of Greensburg, was the only candidate to announce for District Attorney. The incumbent, John F. Wentling, Jr., of Greensburg, and Nevil A. Curt of Mt. Pleasant, who was a candidate for nomination three years ago, were regarded until the 11th hour as contestants for the place. Wentling yesterday announced his withdrawal. Special interest now centers in the fight for Common Pleas Judge, three candidates having announced: James S. Deacon, former State Treasurer; Jesse D. Cunningham, Deputy Attorney General, and Chairman Crowell.

Harry N. Yant of Greensburg is the only candidate to announce for the honor of the Post Clerk of Courts John M. Hawk of Greensburg, the incumbent, and Hugh Henderson of South west Greensburg, are the candidates. Ten have announced for Poor Director.

"We will show you where you're at. If you don't keep quiet," he said, "Stop it. I'll have the sheriff take you back to jail. Answer the question as asked."

Boyle's eyes flashed but he held his tongue.

"Have you anything pertaining to this case," asked Attorney Cochran.

"I had them," replied Boyle, "but I haven't them now."

**THE COURIER WILL ENTERTAIN SCHOOL CHILDREN AT SHADY GROVE PARK MAY 26.****Arrangements Made With Manager R. S. Coyle for a Monster Outing for School Children of Greater Connellsville at Close of School.**

Arrangements have been portended by The Courier to entertain the school children of Greater Connellsville at an all day picnic at Shady Grove Park, Wednesday, May 26. Tuesday, May 25 will be the closing day of the schools in Connellsville, and it was proposed to take all the school children of the Greater town to Shady Grove on that day, but owing to the fact that there is a circus in town on the final day of the school year, and realizing that the children enjoy circuses, too, it was suggested by Superintendent W. S. Deffenbaugh that the picnic be deferred until Wednesday of that week.

Manager R. S. Coyle of the park will have all the details of the picnic in charge and each child attending the picnic will be given two tickets to participate in the amusements at the park. Free transportation will be furnished for the children and the teachers to and from the park and every arrangement will be made to care for them. Manager Coyle will devote his entire time during the day to seeing that the little folks have a good time at the park. J. W. Brown, superintendent of transportation, of the West Penna. lines will personally see to the transportation to and from the park, and he will have a large number of assistants to help him. More than 3,000 children are expected to participate in the picnic.

The School Directors have entered heartily into the movement and all the teachers are enthusiastic. In order that all may be cared for and their safety assured it is requested that the teachers of the various rooms oversee the transportation to and from the park and assemble their scholars together and manage to get them to the park in a body. It will be much more convenient and pleasant for all. The picnic will start early in the morning so that one big long day of pleasure can be had.

The picnic will be a distinct Courier event having been arranged by Manager Coyle especially for The Courier. Arrangements will be made for the distribution of the tickets in ample time for the picnic and many other plans will be made to entertain them in the proper manner.

The event will mark the opening of the park season and will be the first event of any kind there. The wheels of the merry-go-round, the roller coaster and many other amusement features of the park are being greased up and gotten into shape. Much work has been done throughout the park in the way of repairs, and it will be a bigger and better and more pleasant than ever. Manager Coyle believes that hundreds of picnickers and pleasure seekers will be drawn to the park during the coming summer and is making preparations for them to have a big glorious time.

**MRS. THAW ESCAPES INSIDE OF PRISON****Comes to the Front With Money to Pay for Contempt and Settles Miller's Bill.**

NEW YORK, May 7.—Mrs. Evelyn Nesbit Thaw, wife of Harry Thaw, escaped becoming an inmate of the Ludlow street jail this morning by the payment of a \$250 fine for contempt of court and a judgment of \$253 obtained against her by a milliner. The arrest, which was to have been made this morning, was forestalled by the payment of all claims in full.

An order directing the Sheriff to arrest her for contempt of court in failure to pay a fine of \$250 imposed last week was signed in the city court following the announcement that the appellate division had refused to stay the proceedings.

**WOULD LOWER TARIFF ON LINOTYPE MACHINES****Senator Paynter of Kentucky Believes This Would Greatly Aid Country Newspaper.**

WASHINGTON, May 7.—Asking the tariff on linotype or typesetting machines be reduced from 30 per cent now in force to 10 per cent, Senator Paynter, of Kentucky, today offered an amendment with the idea it will lower the price, through foreign competition, enabling every country newspaper to purchase these labor-saving devices.

"There are 13,000 country newspapers without composing machines," said Paynter. "Their type is set in the way. They should have a chance to obtain at reasonable prices modern instruments to produce their papers to meet the demands of a progressive and advancing public."

"If Congress would safeguard the independence of the press it should not set up laws on the statute books which prevent newspapers from obtaining good material at fair prices for prosperity and success and remove from the pathway obstacles which do not conduce to independence."

**MOVEMENT ON TO CLOSE STORES****Scheme Is To Have Merchants Quit Work From 3 to 5 in the Afternoon and Turn Out to See Game—Fairmont Is the Attraction.**

Plans are under way for a royal reception for the victorious Connellsville baseball team which gets in town next Monday morning to open the season here that afternoon with Fairmont. It will be a big affair in every way. The fans here are more than pleased with the showing made by Manager Sweeney and his men, and they will show their appreciation in an appropriate manner.

The band will play martial airs. There will probably be a parade and the dignitaries of the region will be invited to attend. Then, after all this is over, Connellsville will sail in and wallop the Fairmont Mountaineers in great style.

A movement is on foot to have all the stores closed between 3 and 5 o'clock that afternoon in order that the proprietors and employees may take in the game. Invitations will be extended the officials of every town from McKeesport on the west to Meyersdale on the East, and Greensburg on the north and to Brownsville on the south. Many of them will attend while Connellsville pays homage to its conquering heroes.

This morning the Tenth Regiment Band announced that it would donate its services to help whop the tags up for the ball players Monday afternoon. Chief Musician Buttermore and his boys will turn out in full strength to make the welcome ring with the martial airs which should urge the Cokers on to another victory. There is talk of Tony Buttermore, according to the services of the Tenth Band, and if such is the case West End's drum corps will be in line also.

One enthusiastic fan declared this morning that if the Cokers make it four victories out of the six West Virginia games he will help defray the expenses to meet the team at the depot Monday morning with cabs enough for all the players. Burgess Evans will toss the first ball across the pan Arway.

According to the dope sheet it will be the turn of Sixco to whirl for the Cokers that day and the fans will have their first opportunity to see the new man in harness.

**GOING TO CLEAN STREETS, THEY SAY****Committee Has a Hunch That Some of Them Need It and Warns Folks Against Dirt.**

The Street Committee has issued an edict to clean up all streets and alleys, which they have found in bad shape, especially on the east side of the river. The committee orders that no garbage or refuse be dumped in alleys. The hot weather is causing those things to come to the surface and efforts will be made to make Connellsville as clean as any city in this section.

The Street Committee, backed up by Burgess Evans, has also issued an edict that no more refuse be dumped on the circus grounds which have been fixed up north of Marietta-Shill wagon park. There is no objection to dumping waste paper and such debris in the holes which remain unfilled in the rear of the lot.

**FORTUNE TELLER STIRRED UP TROUBLE****Foreign Women of Stuckel Hollow Before Magistrate Yesterday With Peculiar Case.**

On a charge of disorderly conduct Mary Gargos of Stuckel Hollow was given a hearing this morning before Squire P. M. Buttermore of the West Side. The information was made by Susanna Muddrie of Stuckel Hollow.

Some time ago the defendant lost a sum of money. Several months after the money was lost a fortune teller made his appearance in the community. During his visit in the little town he learned of the missing money. He immediately paid a visit to Mrs. Gargos telling her that the money had been found by Mrs. Muddrie. Mrs. Gargos after hearing the story told her neighbors that the money had been found by Mrs. Muddrie and became very disorderly about the matter. The case was dismissed and the defendant paid the costs.

SEATTLE, Wash., May 7.—Reports today show 13 persons injured and five will die as the result of an accident at the National Guard armory last night during the indoor track championship event of the Pacific Northwest Association of the Amateur Athletic Union.

It gave way and a thousand persons were precipitated to the floor below, a distance of 17 feet. A panic resulted and the uninjured made a rush for the exits.

Men and women were piled in a seemingly impenetrable mass on the floor, many of them with broken limbs. All the city ambulances were called to the scene.

SHOULD BE CONSIDERED;  
WILL HAVE STATE AID.

Connellville will be compelled to  
take up in earnest the sewage disposal  
problem and the recommendations of  
the State Department of Health in  
connection therewith, and the sewer  
the matter is thoroughly examined in  
and intelligently acted upon the  
better it will be for the community's  
health and wealth.

The notice of Commissioner Dixon  
is rather premature, but it is per-  
haps warranted by the delay of the  
Connellville authorities in acting  
upon his proposals. In view of the  
consolidation proceedings, however,  
there was some reason for this delay.

Connellville probably cannot be  
compelled to put in a sewage disposal  
plant, or even to furnish plans for  
one, but in case no action is taken,  
we may find ourselves with only a  
partial sewer system permitted to empty  
into the river. The sewers constructed  
since the passage of the law under  
which the Health Department is acting  
will be cut out of this privilege,  
and the borough will either have to  
construct a disposal plant for this  
portion of the sewer system or abandon  
it entirely. The latter plan cannot be  
thought of. The citizens it will affect  
have rights which cannot be ignored.

To construct a disposal plant for a  
portion of our sewer system only  
would be false economy.

However, the State asks only for  
the plans of a proper sewer system  
and disposal plant. It does not require  
their immediate execution; and, if the  
cost involves a borough indebtedness  
greater than the legal limit, the State  
cannot compel the borough to install  
such a system and plant, because the  
State laws cannot override the Con-  
stitution. This fact was recognized at  
the late session of the Legislature  
and in consequence a bill was passed  
authorizing the State to lend assist-  
ance to such boroughs as may be in-  
sufficiently able to comply with its de-  
mands for the establishment of such  
sewer systems and disposal plants. If  
the cost of such improvements is  
greater, therefore, than Connellville  
can bear, we may confidently rely  
upon State aid.

The Council has been a pioneer in  
the demand that our streams be freed  
from pollution of all kinds, from  
municipal sewage to sulphur water  
from the mines and acid discharges  
from manufacturing plants. While on  
deceding by all means within our  
power to encourage the establishment  
of industries and the upbuilding of  
the county and the community, we  
have earnestly protested against the pol-  
lution of our domestic water supplies,  
and have urged the preservation of  
our streams in both their volume and  
their purity.

But we have publicly and privately  
represented to the State that it was  
part of its duty to lend aid in the  
matter of erecting sewage disposal plants  
to all towns requiring the same. For  
many years past the State has given  
a considerable percentage of its in-  
come to the assistance of the public  
schools. If it is a duty to spend these  
millions to assist the towns and town-  
ships in supporting their schools, it is  
a duty even more imperative to spend  
more millions to assist the communi-  
ties in the protection of the lives of  
the citizens. What shall education  
profit the child if epidemic carries it  
off? And what shall it profit the State  
to educate its youth and leave them  
naked and defenseless against their  
own enemies, Disease and Death?

So improved have we been with  
this matter that during the late ses-  
sion we took occasion to personally  
urge it upon the Governor and some  
leading members of the Legislature,  
its justice was generally recognized,  
and a bill authorizing such State aid  
was passed and is, we believe, now in  
the hands of the Governor.

The Connellville authorities should  
give prompt and proper consideration  
to the communication of the State  
Health Department, because by so do-  
ing this community will receive the  
utmost consideration and the ultimate  
benefits.

THE LAWFUL REGULATION  
OF THE WICKED DEVIL-WAGON.

The regulation of automobile driv-  
ing depends more upon the regulators  
than upon the regulations. The ef-  
fectiveness of a law depends upon the  
efficiency with which it is enforced.  
On the other hand, it is sometimes  
difficult to enforce the law. The  
township constable, for example, has  
a hard time locating the devil-wagon  
when they won't heed the command  
of the law to stop. The average con-  
stable is not such a upstart that he  
can run a successful Marathon race  
against a red streak on the landscape  
that vanishes in the distance leaving  
naught but a bad odor behind, neither  
can his eagle eye penetrate a mud-  
covered license tag.

We would suggest that constables  
supply themselves with field glasses,  
stop-watches and shot-guns. With  
this equipment and a close attention  
to business the profits would soon re-  
pay all the outlay. Justice would be  
conserved, the majesty of the law up-  
held and the pockets of its representa-  
tives filled with nice bunches of  
money.

"The Independents ready to sell  
their coke as a headline in The  
News. There has not been a time in  
the past eighteen months when they  
have not been ready and willing to  
sell their coke, and much of the time  
they have been anxious to sell it at  
prices which have yielded them little  
or no profit. What they want to do  
now is to sell or merge their plants  
so that they can sell their coke for  
what it is worth."

## MORE CHARGES IN BANK CASE.

**Waynesburg Failure Develops More Indications.**

### WARRANT OUT FOR GROSSMAN

Former Waynesburg Clothier Said to Have Been Rinehart's Partner in Fraudulent Transactions Which Netted Them \$24,000.

Pittsburg, May 7.—As the investigation of the wrecked Farmers and Drivers' bank of Waynesburg is continued by the federal authorities the ramifications of the alleged scheme to loot the institution are found to extend in every direction. The investigation by the grand jury this week resulted in the returning of an indictment against Arthur Grossman, at one time one of the largest clothiers of Waynesburg.

Grossman is charged with aiding and abetting J. B. Rinehart, the former cashier of the bank, who is now serving a fifteen-year sentence in the Western penitentiary, in looting the bank of large sums of money, aggregating about \$24,000.

The federal authorities claim that Grossman and Rinehart shared the money they secured by the deposit of worthless checks, the "kiting" of checks, placing of false credits and drawing drafts with no funds to meet them.

The Grossman store went into bankruptcy soon after the failure of the bank. Grossman then opened a store in Washington and later went into bankruptcy again. He now has resumed business. A warrant for his arrest probably will be issued today and he will be brought to Pittsburg. It is thought that the Grossman and Rinehart cases under the new indictment will not come to trial before next fall.

## BANK CREDITORS GET A DIVIDEND

Mt. Pleasant Institution Makes Another Distribution Making 60 Per Cent. in All.

MT. PLEASANT, May 7.—Another third of joy was brought to depositors of the defunct Farmers & Merchants National Bank yesterday when the third dividend, one of ten per cent. was paid.

The total sum which will be paid out by reason of this ten per cent. dividend will be approximately \$55,000. The last dividend makes a total of 60 per cent. of their total deposits that creditors have got back since the institution went into the hands of the receiver. And in this connection it seems no more than fair to give a great deal of credit to the receiver, Harold G. Harvey, by whose disinterested management the collection of large sums with scarcely a law suit or difficulty to be adjusted by the courts has been made possible.

No intimation has been given as to when the next dividend will be made, nor of the size of it, but many are confident that that depositors will not lose a cent by reason of the bank's failure. They have the faith of the last year, which, even if they cannot get the whole, will mean much.

## W. C. T. U. CONVENTION WAS LARGELY ATTENDED

Women Gather at Vanderbilt and Discuss Temperance Topics and Then Elect Officers.

Well attended was a W. C. T. U. convention of No. 4 District held yesterday in the Presbyterian Church at Vanderhill. The district includes the Perryopolis, Vanderhill and Laurel Hill Unions. Many delegates representing the three Unions were present and two very interesting sessions were held. Lunch was served at noon in the church.

The morning session opened with devotional exercises in charge of the Perryopolis Union, followed by Noon title prayer services in charge of the Laurel Hill Union. The program for the afternoon opened with devotional exercises conducted by the Vanderhill Union. Rev. Thomas Charlesworth then gave a very interesting talk on "How Temperance Hinders the Work of the Gospel." The Parliamentary Drill by Mrs. Kate Rinehart, County President, took up the next period. A selection by the Dames Club followed. Rev. Melville gave a talk on "How to Interest Young People in Temperance Work." A selection by the Glee Club followed. A recitation by Miss Marie McFarmer was well received by the audience. A diet, "The Spirit of the Poetry" was the next number. An address by Rev. Kniffman followed. Mrs. Charlesworth then delivered the address with a very pretty solo after which Rev. Young gave a very interesting talk. The delegates report of the State convention was then heard. The meeting closed with a selection, "God Save the People."

## MAY ASK FOR CARNEGIE HERO MEDAL

Residents of West Newton Will Probably Bring Case of Bravery to Commission's Attention.

WEST NEWTON, May 7.—Some talk exists of bringing to the attention of the Carnegie Hero Commission an occurrence which transpired some months ago. An octogenarian John Smith, a well known citizen of the town, was taken off the Baltimore & Ohio railroad track on a public street by Harry Skyles, a young man of the town when in imminent danger of being run down.

The moral and sum of one thousand dollars was not given to Engineer John Cartter formerly of this place, without careful investigation. Representatives of the commission made a number of visits there for the purpose of verifying all the circumstances. The testimony of all who knew anything of the matter was taken by agents of the commission, and attested by each Mrs. Jacob Smith, an eye witness of the rescue, gave important testimony.

## SELECT THIS PLACE FOR ANNUAL CONVENTION

Another Gathering Scheduled for Connellsville, Now Rapidly Assuming Importance of Convention City.

Connellsville, the "Convention City," that is the title the town is fast assuming among the municipalities of Western Pennsylvania. Various conventions have met here in the past and more are coming in the future. The first date for 1910 was decided upon yesterday.

At Johnstown the Westmoreland branch of the Returned Church concluded its session by electing to visit Connellsville on May 2, next year, for its annual convention. Connellsville was secured through the efforts of Rev. C. E. Wagner and William Anderson, who represented Trinity Reformed Church of this place in the classis.

## COPPERHEAD SNAKES LARGE AND PLENTIFUL

Neighborhood of Addison Is Producing Some Excellent Specimens For Good Stories.

Copperhead snakes are reported large and more vicious than ever in the section about Addison this year. John Augustine had two experiences with these reptiles last Saturday. He had started to the farm of John Platter and in walking through a thicket cut something biting his leg. He looked down and saw a large copperhead snapping angrily at his leg. John quickly dispatched the reptile and proceeded on his way.

Later Augustine and Platter were passing along near the same thicket and saw six huge copperheads in clumps of bushes, which is an unusual large number to find together. The two men provided themselves with clubs and killed three snakes, but the other three escaped. Only about two weeks ago Mr. Platter killed two copperheads near his barn.

Games Tomorrow:  
Connellsville at Clarksburg.  
Uniontown at Fairmont.  
Charlot at Grafton.

Old Mr. Garrison Finch turned up at Grafton yesterday afternoon and brought down another scalp for the Cokers, who are marching through West Virginia and leaving a trail of gore behind as evidence of the dreadful massacres that are taking place.

Yesterday the Cokers met Grafton for the first time this season and Manager Alex Swenney decided Jack Catter should be sent for a win. He guessed correctly, but he sat on the anxious seat for a time before the prophesy came true.

Cornelius, who twirled for Grafton, had a shade the best of it the first eight innings. In two different sessions the Cokers managed to score a run, which made the total two. Then Grafton drew a card in the seventh and extra innings were forecasted.

In the ninth inning, with the score tied, the Cokers got into the game. When the smoke of battle cleared away, Mr. Cornelius graced the clouds while the Cokers had five runs over the rubber. Grafton tried, ineffectually, to come back in the last half of that inning, but failed.

The Connellsville boys did some hitting that is worthy of honorable mention. In fact, they hung up a league record for making 15 hits in a game. Summers, the utility infielder who got a chance to show himself when Lucas was hurt, connected three times safely, and once for two sacks. "Pat" Meyers followed with the same number while Brer Chip Francis got one for the circuit. Brer Ike and the rest of the Coker crew got a single each. The figures which tell the tale follow:

CONNELLSVILLE	R.	H.	P.	A.	E.
Graham	1	0	4	0	0

**Baseball Notes.**  
Going some.  
Catter was there.  
So was that kid Summers.  
Ought to be some hot hitters there.  
Clarksburg is getting the benefit of a hot break. The Drummers have lost every game so far.  
Looks as though that man Meyers would live up to the pre-season predictions. He is certainly the most consistent hitter so far.  
Johnny Yost made the only error in yesterday's contest.  
Cove Mathers is playing right field for Grafton. He played in Connellsville in the old West Penn league.  
Charlot made Fairmont 89, the limit to win yesterday.  
Brer Chip Francis connected for a home run, the first Coker to hit for the circuit this season.

Grand Jury Finds True Bills Against Banker and Broker.

WASHINGTON, Pa., May 7.—The Washington county grand jury yesterday afternoon returned true bills against C. H. Drum, former cashier of the Bank of Coal Center and Frederick Ward, broker and promoter of Pittsburg, under four counts. Two charges Drum and Ward with having conspired to induce Drum to violate the act of 1890, which forbids bank cashiers to engage in other business.

Among the witnesses called before the grand jury in the case were Commissioner of Banking John A. Berkey of Somerset, and G. H. Getty of New Wilmington, Senator William E. Crow of Uniontown, receiver for the bank, and directors of the bank and business men of Coal Center.

When You Wash Your Face

do you realize that it is not enough to remove the dirt—that your skin needs a soothing, healing influence to keep your complexion fresh and fair and free from blemish?

Ordinary toilet soaps do not exert this healing influence. Many of them contain "free" alkali, which eats into and destroys the skin. Even the best of them only clean, but do not heal and protect the skin.

## RESINOL SOAP

besides being the purest toilet soap that can be made, also contains a skin-specific whose wonderful merits are known throughout the medical profession. Your druggist knows that for the last fourteen years Resinol has been ordered in prescriptions, for all kinds of skin diseases.

Resinol Soap does for the skin what cosmetics are supposed to do. It insures not only a clean skin, but a healthy skin and a perfect complexion.

We are not asking a favor when we ask you to witness this Chi-Namel demonstration in our store May 7 to 11.

WE'RE extending one. It will be your opportunity to learn from the manufacturers' expert many things in regard to the treatment of interior woodwork, furniture, floors, etc., and the many ways in which the Chi-Namel graining and varnishing process may be made to serve the housewife. It will be worth many dollars to you. Chi-Namel is a most remarkable varnish. The average varnish turns white when exposed to moisture. Chi-Namel neither turns white nor loses any of its gloss when subjected to boiling water. It does not crumble or chip off when struck a heavy blow. It is wonderful, the amount of abuse Chi-Namel will stand and still be none the worse for wear. You can learn to grain in five minutes.
